PITOU TECHNOLOGIES LLC

UNITED STATES

Dear Pitou Technologies LLC,

Thank you for elevating the impact of your climate donations through Giving Green. You can find your official receipt below.

Your gift comes at a pivotal time in climate action. As the funding landscape shifts, climate donors can still safeguard bipartisan opportunities in the U.S., while strengthening European climate leadership and promoting a just energy transition in low- and middle-income countries. Your generosity can power lasting climate impact.

What your support makes possible:

- Contributions to [the Giving Green Fund](#) are strategically deployed to thoroughly vetted solutions that are scalable, feasible, and in urgent need of support.
- Donations to [Giving Green's research](#) help us identify [high-impact climate nonprofits](#) with the potential to drive systems change, so we can help more donors like you give with confidence. A donation to our research is a donation to multiplying climate impact—for every dollar donated, we unlock another \$21 to power effective climate strategies.

How we make your gift count:

RESPONSIVE: We adjust our funding strategy as the climate landscape evolves, ensuring your donations always have a meaningful impact.

TRANSPARENT: We would like to send you a monthly newsletter to keep you updated on the impact of the organizations you support. Not opted in? You can do so [here](#).

ACCOUNTABLE: You deserve to know where your money goes. We publish [every grant disbursement](#) and openly share [our mistakes](#).

Giving Green's mission is to make high-impact climate giving easier for everyone. Thank you for your role in making this aspiration a reality.

If you have a few minutes, we'd love to hear from you. What motivated you to give? How can we better support your climate journey? Drop us a line at hello@givinggreen.earth.

In partnership and with warmest wishes,

The Giving Green team
